1. Optical resolution differs due to different scanning single on the same document
 2. Scanning speed may vary due to the system environment used. The time is measured between actual start of scanning and finish scanning.

3. Switch between "Better mode" and "Best mode" depends on the length of the document, A4 (portrait, 200 dpi), A6 size or below (300 dpi).

4. For documents of thickness over 5 mm, the maximum document size is 400 x 300 mm.

5. When performing continuous scanning, time is needed for the scanning head to turn to its original position.

6. Compatible with USB 3.0 port but connection will run as USB 2.0 speed.

7. Automatically correct distortion caused by the curve of an opened book or magazine.

8. Automatically crop several documents in one scan.

9. Operate Windows in desktop mode.

10. Operating systems listed in this table are the only ones supported. Please refer to the ScanSnap Support site for the latest support information.

11. The ScanSnap device may not work if the connected computer does not meet the requirements.

12. Installation requires a computer and internet. Activation is also necessary for software use.

13. Please refer to the included license certificate to download the software.

14. Scanning speeds may drop if recommended CPU, memory capacity and USB 1.1 requirements are not met.

15. .NET Framework 4.7 or later must be installed. If it is not installed, it is installed with ScanSnap

Home. Up to 4.5 GB of disk space is required for the installation. 1 unit
