Description

1 Google Workspace (Education Plus) 600 license
 Description: A cloud-based productivity and collaboration suite for educational institutions that provides integrated tools for email, cloud storage, document creation, virtual classrooms, and video conferencing within a single secure platform. The solution must support teaching and learning management, including assignment distribution, grading, and academic integrity tools, as well as large-scale video conferencing with recording, breakout rooms, and attendance tracking. It shall include enterprise-grade security and administration features, such as centralized management, role-based access control, data protection, and security monitoring. The platform must provide scalable cloud storage, analytics and reporting capabilities, and integration with third-party systems and APIs. The solution must be subscription-based, highly available, accessible across web and mobile devices, and compliant with industry standards, suitable for institution-wide deployment and continuous digital collaboration and learning.
