Highlights of the Week

As the Academic Year 2023-2024 kick off, the Institutional Faculty Assembly convened at the Covered Court, CHMSU Alijis Campus. Led by President Norberto P. Mangulabnan, PhD, the event highlighted CHMSU's hosting of the RSCUAA from September 10-16, 2023. Therefore, all appointed designees and committee members are urged to diligently prepare for this upcoming sporting events. Rhoderick K. Samonte, Director for Internationalization and External Relations, took the floor to shed light on the internationalization aspect, addressing all the faculty.

The Office of the Registrar headed by Arlene G. Pasquin conducted a 3-day screening process to all the athletes in preparation for the Regional State Universities and College Athletic Association (RSCUAA) Sportsfest and Conference 2023 on September 4 – 6, 2023 at the Function Hall, 3rd Floor Green Building, Talisay (Main) Campus. Together with the registrars of the 13 participating SUCs, a vital screening occurred ensuring every athlete meets the set of qualifications and criteria by the SCUAA governing body. CHMSU will host the RSCUAA which will be held on September 10 – 16, 2023.

PREVENTING CRIME with landscape design

Crime Prevention Through Environmental Design

C.P.T.E.D. LANDSCAPING

- LIGHTING**
Ample lighting is an obvious way to detour a possible intruder from choosing your yard as a target.
- FENCING**
Instead of tall slatted wooden fences the use of wrought iron or a lower picket fence is suggested.
- HEDGES**
Hedges should be kept below the height of 2 feet as to not provide a hiding spot for a possible intruder.
- TREES**
Tree branches should always be trimmed to not hang below 8 feet as to not provide hiding for a lurking intruder.
- SPIKES/THORNS**
Installing plants with spikes or thorns near the windows of the home is a good deterrence for a possible intruder.
- DEBRIS**
Regular lawn maintenance is important to keep the yard clear of debris a possible intruder can use to break a window.
