Highlights of the Week

- The CHMSU Talisay and Alijis Campuses underwent the ISO 9005:2015 1st Surveillance External Audit by the Certification International Philippines, Inc. Audit Team, from November 19 to 21, 2024.

- Coaches of various CHMSU sports teams met with Director for Sports Affairs Jyan Rome Bascar this morning, November 19, 2024, in preparation for the 2024 Western Visayas Regional State Colleges and Universities Athletic Association (RSCUAA) Sportsfest and Conference at Barotac Nuevo, Iloilo starting December 15, 2024.

- Faculty and research coordinators from the four campuses undergo the two-day Basic Research Ethics Training at the Audio-Visual Room of Talisay Campus organized by the Research and Development Office on November 18-19, 2024.
- First-year students at CHMSU Fortune Towne Campus learned how to navigate college life during the Freshies Moments, Nov. 19, 2024, organized by the Office of the Guidance Services.
- The Federation of CHMSU University Student Government held a Student Assembly in Alijis Campus on November 21, 2024, at the Campus AVR. The mayors and vice-mayors of various accredited clubs and classes participated in the assembly.
- In celebration of World Fisheries Month, the College of Fisheries and Fisheries Students' Organization celebrated the Fisheries Conservation Week at the Binalbagan Campus November 18-23, 2024. COF and FiSO also proudly honored the 40 newly licensed fisheries professionals from CHMSU who passed the October 2024 licensure exam during the weeklong celebration.
- The PhilApex Placement Agency, Inc. brought a delegation from the Tokyo Overseas Business Cooperative (TOBC) to Carlos Hilado Memorial State University to showcase the university's Food Trades and Hospitality Management programs on November 21, 2024.
- The BS Hospitality Management Program held the "Sidlak: Shining Through Professionalism and Mental Wellness Seminar Workshop" for BSHM students on November 22, 2024, at the Talisay Campus Multipurpose Gym.

Celebrating the Power of Organic

For nearly 30 years, **Kashi** has placed a high value not just on the foods we make, but on how we make them. Since 2005, we've nearly **tripled our use of organic ingredients**¹ and now use approximately **28 million pounds** of organic ingredients annually², which contributes to our **Organic Promise** line of cereals.

Here's how **organic farming** can benefit our planet and wellbeing:

1/3

Fresh Air
Switching to the use of organic farming practices across the US could help **eliminate carbon dioxide** from the air equivalent to at least **a third of the cars** in our world.³

Energy Savings
Organic practices could help **reduce the energy** used in farming up to **45%**.⁴

40%

Nature's Ally
In a world where nearly **40% of the farming land** is suffering significant degradation, organic farming can help **protect soils and conserve wildlife**.⁴
